Wad Davis

"Jeff Reed is great!"

Clay,

It's been great cretein on you, stealing your pin boy, and calling you Gay all year. I hope we go camping again this summer. It was a blast. Remember when Parthi's mom invited Parth to your birthday party, when he stole your patch, and wrote you G everywhere. I hope we get some new games for the Apple II C. I'll swim at your house, but not help clean it with you. Remember your bees. It was great this year. Have a good time with Shiela this Summer.

Clay,

Hey! Whats goin' on? Well, this is the end of the year and we're all signing annuals again. My hand is already getting tired! This year has really been great, especially in physical science when we would drive Mrs. Barbara and everyone else up the wall with The Drip, The Chicken, The Cow, The Rooster, etc.

Oh! And don't forget World Geography, but who could?!! That class was always a blast, especially when Jeremy would say: Gyaaahhleee!! Well, that's about all for this year. Stay cool in the summer and good luck with 9. (Don't know 'bout dat).

Your Good Friend

Parth J. Rana

THE GROVE DEDICATES . . .

The 1984-1985 yearbook staff is proud to dedicate THE GROVE to a kind, hard-working, influential man, Mr. Jack Davis. As our principal, he has been there for us—experiencing the triumphs as well as the growing pains of a new high school.

We realize that his job is not an easy one, but Mr. D has had plenty of practice. He became the assistant principal of Pleasant Grove Junior High School in 1977, after ten years previous teaching experience at Pine Street Junior High school.

We also realize that the time Mr. Davis spends with us is a sacrifice for his family. Starting a new high school is indeed a group project for the Davis family: wife, Susan; sons, Brad and Jay.

Even though his time is limited, our principal enjoys golf and hunting whenever possible. His favorite activity, however, is spending time with us—the students of Pleasant Grove High school.

As we advance into the future, we will always remember Mr. Davis as one who helped us anticipate and achieve new beginnings.

Mr. Davis and Board Members break ground for the new high school.

Their activities include sponsoring dances, raising funds for improvements on the school, and various other activities in which students may participate. Student Council also participates in providing aid to other organizations. During Christmas they went caroling at the nursing home and distributed treats to residents. Student Council sponsored Hush Day for Valentines Day, and theme days for home football games.

In the spring of the year Student Council sponsored the April madness contest between the sophomores and juniors. Also, the organization sponsored a dance the following night. Appreciation to teachers was shown by having a teacher appreciation week, when P.G. teachers were honored by secret pals among the high school faculty.

VARSITY FOOTBALL CELEBR

Pleasant Grove opened its first varsity season in 1984 against all odds. This first varsity team had no experience and no seniors. Considering these circumstances, the team played well. The Hawks won three games: Maud, North Lamar, and Homecoming against Queen City. This was a season of many firsts! We accomplished our first conference win, first all-district player selection, and first letter jackets. Pleasant Grove is proud of the varsity team's accomplishments. The players worked hard, had a great attitude, and will be better in the 1985-86 season.

Hawks struggle to get the ball.

The seventh grade team made an easy transition from elementary to junior high, as coaches, Mike Clinton and Ron Hill led the squad to a record of six and one.

The eighth grade, under the direction of Robert Gatlin and Tommy Thomas, finished with an even record of four and four.

Pleasant Grove's freshman team, coached by Mike Burks and Tommy Still, rolled to six, one, and one record, enough to win a district championship.

VARSITY BASKETBALL . .

The Pleasant Grove Varsity Basketball Team truly did reach higher goals throughout the 1985 basketball season. Playing teams much older and much more experienced, the Hawks never gave up. They continued to play their best throughout the year even when the odds were against them. When we asked varsity coach Tommy Thomas his thoughts about the season, he replied, "Basketball was a fun experience! This year other teams had the fun and 'we' got the experience!" Our team pulled together and played to their best ability and they will always be #1 in our hearts!!

JRS. AIM TOWARD GRADUATION

A much awaited time in a student's life is his high school graduation. Many students look forward to being on their own, getting a job, or going on to a college or university. Others view graduation as a time to remember the events that were special to them—for reflecting what was once the future and now the past.

Our first step toward graduation was the groundbreaking ceremony for our new high school campus.

Ordering class rings helped us feel that an outward symbol of our maturity would soon adorn our hands.

College Day allowed us to actively participate in gathering information and make contact with colleges from all over the nation.

These are just a few of the accomplishments of what will be the first graduating class at THE GROVE. There will be more to come.

Juniors collect information at College Day.

This year the PGHS sophomores have received various honors in drama and athletics. Kim Gilky competed in story telling and was given a superior rating. Also, she and Shane Dossey received an excellent rating for performing a duet in a local contest.

Other sophomore honors were given to athletes, many of which became lettermen this year. Volleyball, football, and basketball players were excited to get new jackets with the "PG" motto. Being a part of THE GROVE is important to them, and we're proud of their achievements.
